EIGHTH ANNUAL STATEMENT

OF THE

TRADE AND COMMERCE

OF

CHICAGO,

FOR THE

YEAR ENDING MARCH 31, 1866,

REPORTED TO THE

CHICAGO BOARD OF TRADE,

BY

JOHN F. BEATY, SECRETARY.

---

CHICAGO:

PRINTED AT THE TRIBUNE COMPANY'S BOOK AND JOB OFFICE, 51 CLARK STREET. *a*

1866.

381  
C433  
V.8-10

TO CHARLES RANDOLPH, Esq.,

*President of the Board of Trade of the City of Chicago :*

SIR—I have the honor to submit herewith the Report of the Trade and Commerce of Chicago, for the year ending March 31, 1866.

Until recently we have been unable to give as complete statistics of the movement of Flour, Grain and Provisions as we desired; but, by the courtesy of the Collector of the Port, the Officers of the several Railroad Companies, and the Collector of the Illinois and Michigan Canal, we shall now be furnished with daily statements, which will insure a more correct account of the receipts and shipments for the daily Bulletin than we have ever before been able to give; and I embrace this opportunity to express my thanks to these gentlemen for the promptness with which they have complied with our demands upon their attention.

The Report will show a material falling off from former years, in the receipts and shipments of Wheat, and especially is there a noticeable abatement in the Beef and Pork packing of Chicago, during the past year, the reasons for which are assigned in the respective headings of the Report. The fact, however, is not attributable to a falling off in the commercial importance of our city, but, in common with our sister cities, we have experienced something of the effect of a reaction incident upon a rather protracted inflation.

I desire, Mr. President, to express my high appreciation of the manifestation of confidence and approval I have ever received from the officers and members of the Board.

With high consideration, Sir,

Your obedient servant,

JOHN F. BEATY, *Secretary.*

CHICAGO, April, 1866.

## REPORT OF THE DIRECTORS.

---

GENTLEMEN OF THE BOARD OF TRADE :

Your Directors beg leave, respectfully, to submit their Annual Report of the financial condition of the Board, and of their proceedings during the past year, in accordance with the rules of the Association.

The last Annual Report showed the Assets of the Board to be :

Cash in the hands of the Treasurer.....	\$203 57
United States Bonds.....	• 2,000 00
Jno. S. Newhouse's Note, (past due).....	2,700 00
	<u>\$4,903 57</u>
There remained to be collected for Grain Inspection for March, 1865.....	\$222 56
The retiring Board had drawn upon the assessments for the incoming year.....	3,490 00
And there were debts due by the Board, to the 1st of April, amounting to.....	<u>2,960 12</u>

So that the actual condition of the Board on the 1st of April, 1865, was as follows:

(The Newhouse Note being unavailable, is still on hand, and is not included in the following exhibit.)

Cash in the hands of the Treasurer.....	\$208 57
Collections for March Inspection.....	222 56
United States Bonds—sold.....	\$2,000 00
Interest and premium on same.....	319 00
	<u>2,319 00</u>
	<u>\$2,750 13</u>

Against which there were—

Debts outstanding.....	\$2,960 12
Assessments in advance.....	3,490 00
	<u>6,450 12</u>
Leaving a balance of.....	<u>\$3,699 99</u>

To be provided for from the ordinary income of the year.

There has been collected during the past year, as follows :

From assessments.....	\$33,755 00
Less previously collected.....	3,490 00
	<u>\$30,265 00</u>
From initiation fees.....	1,535 00
Applicants for membership, not yet elected .....	430 00
From "Second Clerk's" Tickets.....	105 00
From rent of Tables in September, 1865.....	\$4,670 13
"      "      "      March, 1866.....	3,770 50
	<u>8,440 63</u>
From Grain Inspection.....	32,515 99
From interest on money loaned.....	435 27
From sale of Annual Reports.....	75 90
From Arbitration and Appeal Committees for fees on cases not yet decided.....	226 60
	<u>\$74,129 39</u>

And there has been paid for current expenses of office and rooms, including rent and heating, and a bonus of \$333 33 to cancel the lease of the old hall.....	\$21,103 66	
For Market Reports .....	4,374 00	
For expenses incurred on account of regiments and battery.....	\$3,692 75	
Reception of regiments and battery.....	2,427 50	
Expenses of bringing home, and funeral of members of the battery.....	2,349 96	
Curbing and improving cemetery lot.....	1,033 00	
	<hr/>	9,503 21
For Annual Reports ....		1,818 87
For furniture of new hall and offices.....		7,915 67
For expenses opening new hall.....	\$19,807 45	
Less collected from tickets and subscriptions.....	15,566 00	
	<hr/>	4,241 45
For sundry expenses, including \$217.25 for expenses attending the ceremonies of respect to the late President Lincoln, and \$325 paid Brokers' Committee to Washington in 1864—and other items .....		1,061 50
For Grain Inspection.....		25,719 96
For old debt.....	\$2,960 12	
Less available assets, April 1, 1865.....	2,750 13	
	<hr/>	209 99
For counterfeit and bad money.....		87 55
		<hr/>
Due the Treasurer.....	\$2,569 75	
In the hands of the Secretary.....	663 28	\$1,906 47
	<hr/>	
There is due the Treasurer as above.....	\$2,539 75	
To the Chamber of Commerce, one quarter's rent to April 1st.....	5,000 00	
And the proportion for heating rooms from January 1 to April 1, not yet adjusted, estimated.....		1,200 00
	<hr/>	\$8,769 75
And there is Cash in the hands of the Secretary.....		663 28
		<hr/>
Net Deficit.....		\$8,106 47

There are not known to be any debts due by the Association at this time, except as above stated.

The expenses of the past year have been unusually large, mainly on account of the items incident to the opening and occupation of our New Hall and Offices, and the items paid on account of our Regiments and Battery, and the Directors regret the necessity of showing a balance on the wrong side of their accounts; but, inasmuch as it is not expected similar calls will be made upon the Board for the ensuing year, they have concluded not to advance the price of the annual assessment, but have fixed it at Twenty-five Dollars, the same as last year, and express the hope, that unless there should be a very considerable falling off in the membership, the income of the Board for the coming year will be sufficient to meet its expenses, and pay off the indebtedness.

In accordance with a Resolution of the full Board, passed on the 26th of February, 1864, the Directors appointed a committee, to confer with a like committee of the Chamber of Commerce, to appraise the rental of that portion of the building to be occupied by us. That Resolution provided that this Board should pay an annual rental for one hundred years, based upon an equitable assessment of the whole building, that will secure to the Chamber of Commerce a net revenue of ten per cent. on the entire cost of the property. From facts developed to the committee, the cost of the entire building, and ground, was not less than \$400,000, (later figures show it to have been over \$425,000.) And assuming that nearly one-half of the rental value of the building, including halls of entrance, and exit, was occupied by the Board, they voted to assess the annual rental for the Board of Trade at \$20,000; the Chamber of Commerce to pay all taxes and insurance, the Board to keep in repair such portions of the building as were occupied by it; the cost of heating the building

to be apportioned among the various parts heated. The report of the committee was duly ratified by the Directors, and a lease executed in accordance with its action.

The membership of the Board during the past year has been fourteen hundred and one, sixty-one less than last year ; which, considering the advance in the annual assessment, from ten to twenty-five dollars, may be considered a very small falling off, and less than was expected.

During the past year the Board have had the pleasure of welcoming home the soldiers sent to the defense of our country under their auspices; and later, they fulfilled their promise by causing to be brought home, and properly interred, the remains of the fallen of our noble battery. And now that peace is restored, and these brave men have *honorably* and *fully* discharged the duties of the camp and field, this Board may well look back with pride on the efforts they have made in organizing, and so far as they could, sustaining these patriots, who, taking our name, have *manfully* and *faithfully* upheld the cause of our country in its hour of darkness and peril.

The removal of the Board during the past year from their old to their present quarters, has proved a most desirable change, and this structure proves to be all that was expected of it, and every way creditable to the corporation owning it, to us who occupy it, and to our city generally. The opening of this Hall in August last, was made the occasion of inviting large delegations to visit us, from all parts of this country, and Canada, where commercial organizations were known to exist, whose business was to any considerable extent connected with us. And on that occasion we were pleased to make the acquaintance of many, who for the first time visited our city; and it is reasonable to hope that much good may result, not only to us, but to the North-west generally by the reciprocal good feeling inaugurated at that time.

In June last, delegations from this and other Western Boards were invited to visit Boston, and on that visit, much good feeling was manifested towards your representatives, not only in Boston, where the entertainment of the "Boston Board of Trade" and of the "City Government" were on a most magnificent scale, but also on our way thither, in this country and in Canada. In July, a delegation from the Board was in attendance at the "National Commercial Convention" in Detroit, and participated in its deliberations, and on this occasion, the "Detroit Board of Trade" extended every facility and courtesy to their guests, and caused our visit to be one of extreme pleasure.

During the year past, an entire revision of the Rules and By-Laws of the Board has been effected, and some important changes made, and it is believed, that as they now exist, they very nearly cover a correct standard of government for the Association. There are many questions, however, which are presented to the Board of Directors, that, owing to the press of business legitimately coming before them, cannot have the consideration to which they are entitled ; and hence, the Directors most cordially give their endorsement to the proposition now pending, for an amendment to the Rules, providing for a Commercial Committee, to whom may be referred questions of a general and public character, not directly attaching to the ordinary business of the Board.

No changes have been made during the past year in the system of Grain Inspection, except the employment, by the Board, of Inspectors inside the warehouses, whose duty it is to see that all grain is stored and delivered as inspected, without any adulteration or mixture of grades. The men employed for this purpose are the best qualified for their positions of any that could be procured, and it is believed that when the grain comes to be delivered, all interested will be satisfied that full justice is done. The increased expense of these additional Inspectors is estimated by the Chief Inspector at full \$12,000—and in order to meet this, the Board have voted to increase the rate for Inspecting twenty-five per cent., which, upon the basis of last year's receipts for Inspection, will produce about \$8,000. The Directors regret

what seemed to them a necessity for this increase, but as the expense is incurred for the purpose of benefiting the price of grain, it seemed right to them that the grain should pay it.

The membership of the Board have been reasonably successful in business during the past year, and but little embarrassment has been experienced, notwithstanding the fluctuation of values incident to the close of the war and a returning tendency to a specie basis. The number of deaths has been very small, and the Directors take pleasure in congratulating the Board on the general evidences of prosperity by which we are surrounded.

Respectfully submitted,

In behalf of the Directors,

CHARLES RANDOLPH,

*President.*

CHICAGO, April 2, 1866.

# REPORT OF THE CHIEF INSPECTOR OF GRAIN.

---

To CHARLES RANDOLPH, Esq.,

*President of the Chicago Board of Trade.*

SIR: — I beg leave to present you my Annual Report, due this day. The present system of Inspection is the result of nine years' experience, and it is believed to be more perfect than any other yet suggested. I feel myself justified in saying that there is a sincere wish, on the part of all parties in interest, to see it faithfully carried out.

The appointment of additional Warehouse Inspectors will add \$12,000 to the annual expenses of this office. The present rates for inspecting will not meet this increased expenditure. The accompanying abstracts will give you, in detail, the receipts and disbursements for the past year, and from which, correct conclusions on this subject can be arrived at.

I will briefly state some of the leading features of the past year's inspection, and refer you for details to papers herewith presented.

There has been inspected into store 86,705 cars of Grain, of which 40 were Extra Winter Wheat, 586 No. 1, 263 No. 2, and 5 Rejected. Of Spring Wheat, 683 cars Extra, 12,590 No. 1, 7,331 No. 2, and 2,201 Rejected.

Of Corn, there were 17,554 cars of No. 1, 20,740 No. 2, and 6,809 Rejected.

Of Oats, there were 9,068 cars of No. 1, 3,635 No. 2, and 792 Rejected.

Of Rye, there were 1,355 cars of No. 1, 1,184 No. 2, and 395 Rejected.

Of Barley, there were 4 cars No. 1, 1,049 No. 2, and 421 Rejected.

There were 1,936 canal boats inspected, containing, of Extra Winter Wheat, 3,500 bushels; of No. 1, 4,700 bushels; of No. 2, 3,000 bushels; of Spring Wheat, 8,732 bushels Extra; 148,350 No. 1; and 40,877 No. 2.

Of Corn, 6,290,700 bushels No. 1; 1,115,200 No. 2, and 1,091,510 Rejected.

Of Oats, 811,100 bushels No. 1; 199,420 No. 2, and 38,500 Rejected.

Of Rye, 54,450 bushels No. 1; 23,177 No. 2, and 29,100 Rejected.

And of Barley, 1,350 bushels No. 2.

There have been inspected from store, of Extra Winter Wheat, 4,563 bushels; of No. 1, 129,857 bushels; of No. 2, 28,190 bushels; and of Rejected, 700 bushels.

Of Spring Wheat, there were 154,218 bushels Extra; 4,337,984 No. 1; 1,602,541 No. 2; and 44,092 Rejected.

Of Corn, 12,123,518 bushels No. 1; 7,170,735 No. 2; and 1,172,833 Rejected.

Of Oats, 5,954,034 bushels No. 1; 1,136,590 No. 2; and 93,045 Rejected.

Of Rye, 284,449 bushels No. 1; 316,049 No. 2; and 6,564 Rejected.

Of Barley, 400 bushels No. 1; 126,748 No. 2; and 2,581 Rejected.

Making a total of 34,689,731 bushels for the year.

The estimated number of bushels of Grain inspected into store for the same period, is 43,659,766.

For financial results I beg to refer you to profit and loss account for the year.

In conclusion, the Inspectors of your Board desire to present to you, Mr. President, and through you to the directors and members of this association, our assurances of respect for that uniform kindness and courtesy which has distinguished your intercourse with this office.

Very respectfully, your ob't serv't,

T. T. GURNEY,

*Inspector.*

# GRADES OF GRAIN AND RULES OF INSPECTION,

ADOPTED BY THE

BOARD OF TRADE OF THE CITY OF CHICAGO,

And to take effect December 1, 1864.

---

## WHEAT.

### WINTER WHEAT.

EXTRA WHITE—To be pure white, sound, plump and well cleaned.

NO. ONE WHITE—To be pure white, sound, and reasonably clean.

EXTRA RED—To be Red Winter Wheat, or Red and White mixed, sound, plump and well cleaned.

NO. ONE RED—To be pure Winter Wheat, Red, or Red and White mixed, and reasonably clean.

NO. TWO WINTER—To include inferior, shrunken, or dirty Winter Wheat, either Red, or White, or mixed.

REJECTED WINTER—To include all Winter Wheat, so much damaged from any cause as to make it unfit for flouring or warehousing.

In case of a mixture of Spring with Winter Wheat, it will be called Spring Wheat, and graded according to the quality thereof.

### SPRING WHEAT.

CHICAGO EXTRA—To be sound, plump, and well cleaned Spring Wheat, and strictly choice flouring Wheat.

NO. ONE—To be reasonably clean, free from other grain and Rice Wheat.

NO. TWO—Will include inferior or dirty Wheat.

REJECTED—All Wheat so much damaged, from any cause, as to make it unfit for flouring or warehousing.

BLACK SEA—In no case to be graded higher than No. One Spring, and

RICE WHEAT—No higher than No. Two.

HARD PFIFE—Wheat, though in other respects "Extra," will be graded No. One.

All Wheat to be weighed and entered on Inspector's books.

## CORN.

WHITE—To be White, and in all other respects to be No. One Corn.

YELLOW—To be Yellow, and in all other respects to be No. One Corn.

NO. ONE—To be sound, dry, plump, and well cleaned.

NO. TWO—To include all other Corn, dry and merchantable, and reasonably clean.

REJECTED—All wet, very dirty, hot, and otherwise badly damaged Corn, unfit for warehousing.

### RYE.

No. ONE—To be sound, plump, and well cleaned.

No. TWO—All Rye not included in No. One that is not, in the judgment of the Inspector, unmerchable.

REJECTED—All unsound Rye, that from any cause shall be deemed unmerchable, and unfit for warehousing.

### OATS.

No. ONE—To be sound, free from other grains, and well cleaned.

No. TWO—All other Oats not unmerchable.

REJECTED—All Oats unsound, or from any cause unmerchable, and unfit for warehousing.

### BARLEY.

No. ONE—To be plump, bright, clean and sound, and free from other grain.

No. TWO—To be sound and reasonably clean.

REJECTED—Unsound, unmerchable, and unfit for warehousing.

All "REJECTED" Grain being, by the above Rules of Inspection, of a very poor quality, all warehousemen are respectfully and urgently requested not to receive it into their several elevators.

And all Inspectors must make their reasons for grading Grain, when necessary, fully known by notations on their books.

At a meeting of the Board of Directors of the Chicago Board of Trade, the following recommendations were adopted as rules of the Board:

1st. That all Grain arriving in bulk be inspected and received into the house for such grade only as the Inspector shall decide, except when sold on the track for grinding, city consumption, or shipment, and the Inspector shall in no case make the grade above the lowest quality found in any lot of Grain, when it has evidently been mixed or 'doctored' with the view of changing the grade, and that our warehousemen be requested to refuse all bagged Grain which shall have been bagged for this express purpose, and that all our railroad companies be requested to prohibit all bagging on their tracks, except for local consumption or shipment.

2nd. That it be made the duty of all Inspectors of Grain to report to the Inspection Committee all attempts to defraud our inspection system. They shall report in writing every instance when warehousemen deliver, or attempt to deliver, Grain of a lower grade than that called for by the warehouse receipt. They shall also report any and every attempt of a receiver or shipper of Grain improperly to instruct or in any way influence the action or the opinion of the Inspectors, and also all other attempts to defraud the inspection system, and when the charges shall be sustained, it shall be the duty of the Inspection Committee to put the same on the bulletin of the Exchange rooms.

It shall be the duty of the Chief Inspector to keep a record of the weight of Grain inspected into and out of each warehouse, which record shall be open to the inspection of any member of the Board during business hours, and that he report daily the average weight of the receipts and shipments of each grade into and out of each warehouse, which report shall be posted on the bulletin.

The inspection of Wheat has not been changed except in name: "EXTRA" will take the place of the former "No. ONE;" the above "No. ONE" the place of the former "No. TWO;" the above "No. TWO" the place of the former "REJECTED;" so that the present "REJECTED" will stand as the former "No GRADE," which latter term will hereafter be abandoned in its application to any kind of Grain.

### CORN, OATS, RYE AND BARLEY.

One grade has been stricken from each of these Grains; that which was formerly graded "REJECTED" will be consolidated with "No. TWO," or, in other words, the two grades of "Two" and "REJECTED" will be combined, and known as "No. TWO." Rejected Grain of all kinds will be known and treated as the former "No GRADE."

## CLASSIFICATION OF FLOUR AND RULES OF INSPECTION,

ADOPTED BY THE

BOARD OF TRADE OF THE CITY OF CHICAGO,

MAY 26, 1863.

1st. SOUND—To be strictly sound, free from any and every defect or fault causing either smell or taste.

2nd. WEEDY—Flour made from Wheat that has come in contact with a noxious weed, imparting an unpleasant smell, which it is supposed will cook out.

3rd. UNSOUND—All flour not "Sound" or "Weedy," whether the unsoundness is derived from the condition of the wheat, or has originated in the flour. The Inspectors are required to note on their certificate the character of the unsoundness, such as *musty*, *hard sour*, *soft sour*, or *slightly unsound*—the latter indication of the unsoundness being intended to indicate that the flour will probably work sound for immediate use, and is but slightly depreciated in value.

All flour that inspects "*sound*" and full weight, shall be branded, and none other; and it shall be the duty of the Inspectors, when working to a sample, to state on their certificate the number of barrels above or below the sample, and have a sample or samples of the same, which the parties may examine; also to state on their certificate, when the flour is "Unsound" or "Weedy," the number of barrels of each description, and also, when practicable, the number of barrels that are so stained or out of condition as to depreciate the market value of the flour. The Inspectors shall satisfy themselves in regard to the weights, and in case they deem it necessary to strip some of the flour, they shall be entitled to twenty-five (25) cents for each barrel so stripped (if it proves to be short weight), in addition to the regular fee of two cents per barrel for inspecting and branding. The charge for stripping shall be paid by the seller. No certificate shall be issued for a part of a lot of flour inspected, without the consent of both the buyer and seller. The Inspectors shall only be liable to damage for any discrepancy between the flour for which a certificate is issued and the sample which they retain of the flour so inspected, unless the buyer hands them the sample to inspect by.

*Rules for the Adjustment of Short Weight of Flour, in the absence of any special understanding between Buyers and Sellers.*

1st. Flour shall be sold on the basis of one hundred and ninety-six pounds to the barrel.

2nd. In case of short weight, the buyer shall be allowed for such shortage at the rate he pays, and three-fourths of a cent per pound on same for freight, and, in addition, five (5) cents per barrel for the expense of refilling.

## INSPECTION OF PROVISIONS.

DIRECTIONS FOR CUTTING, PACKING AND CURING PORK AND BEEF, AND RULES REGULATING  
THE SALE OF THE SAME.

The following rules for examination and inspection of provisions, as adopted by the Pork Packers' Association, have also been adopted by this Board:—

**EXAMINATION.**—To provide for the examination of provisions sold as "standard," it shall be the duty of the Inspector, on receiving notice, to go to any packing-house or warehouse in the city, to examine provisions in such quantities as may be required; selecting the same in such a manner from the lot specified, as in his judgment will give a fair sample of the whole. If, upon examination, it is found in all respects up to the standard, according to classification of grades here with adopted, he shall issue certificate to that effect.

When necessary to remove property for the convenience of examination, it shall be the duty of the Inspector to send for the same, that a fair sample may be obtained. In no case should a certificate be granted on samples delivered by the seller.

The Inspector shall keep a record, in detail, of every examination he may make, that he may be qualified to testify positively in the event of a dispute; and should any portion, by examination or inspection, at or previous to time of removal from place of sale, prove to be different in character, the seller shall be responsible for difference.

The Inspector shall be entitled to receive, as compensation for examining provisions, five dollars (\$5.00) for the first five barrels, and twenty-five cents for each additional barrel examined, payable by the buyer if "standard," and by the seller if rejected—and cartage, when removed.

**INSPECTION.**—It shall be the duty of the Inspector, as requested by owner, either at any packing-house, warehouse, or in yards provided by the Inspector, to overhaul and inspect provisions according to the classification and quality authorized for standard packing; two hundred pounds of meat, with abundance of salt, to be repacked into each barrel, and cooperage to be put in good order; each barrel of provisions that is sound, sweet and free from every defect, to have grade and date of inspection branded thereon, and any portion that is defective, to be branded, in like manner, "rusty," "sour," or "tainted," as the case may be, across the regular inspection brand.

**MESS PORK.**—Shall be packed from sides of well fattened hogs, cut into strips not exceeding six and a half ( $6\frac{1}{2}$ ) inches wide, and flanked according to diagram, as nearly as possible, and not back strapped; 196 pounds of green meat, numbering not over sixteen pieces, including only the regular proportion of flank and shoulder cuts. Four layers to be packed into each barrel, with not less than 40 pounds, Turks Island, St. Ubes, or Trepanni, or 45 pounds of other good qualities of foreign or domestic coarse salt, and clear brine as strong as salt will make it. (*See plate No. 1.*)

**CLEAR PORK.**—Shall be packed from sides of extra heavy, well fattened Hogs, cut, selected and packed in the same manner as Mess Pork. The backbone and half the rib next the backbone to be taken out.

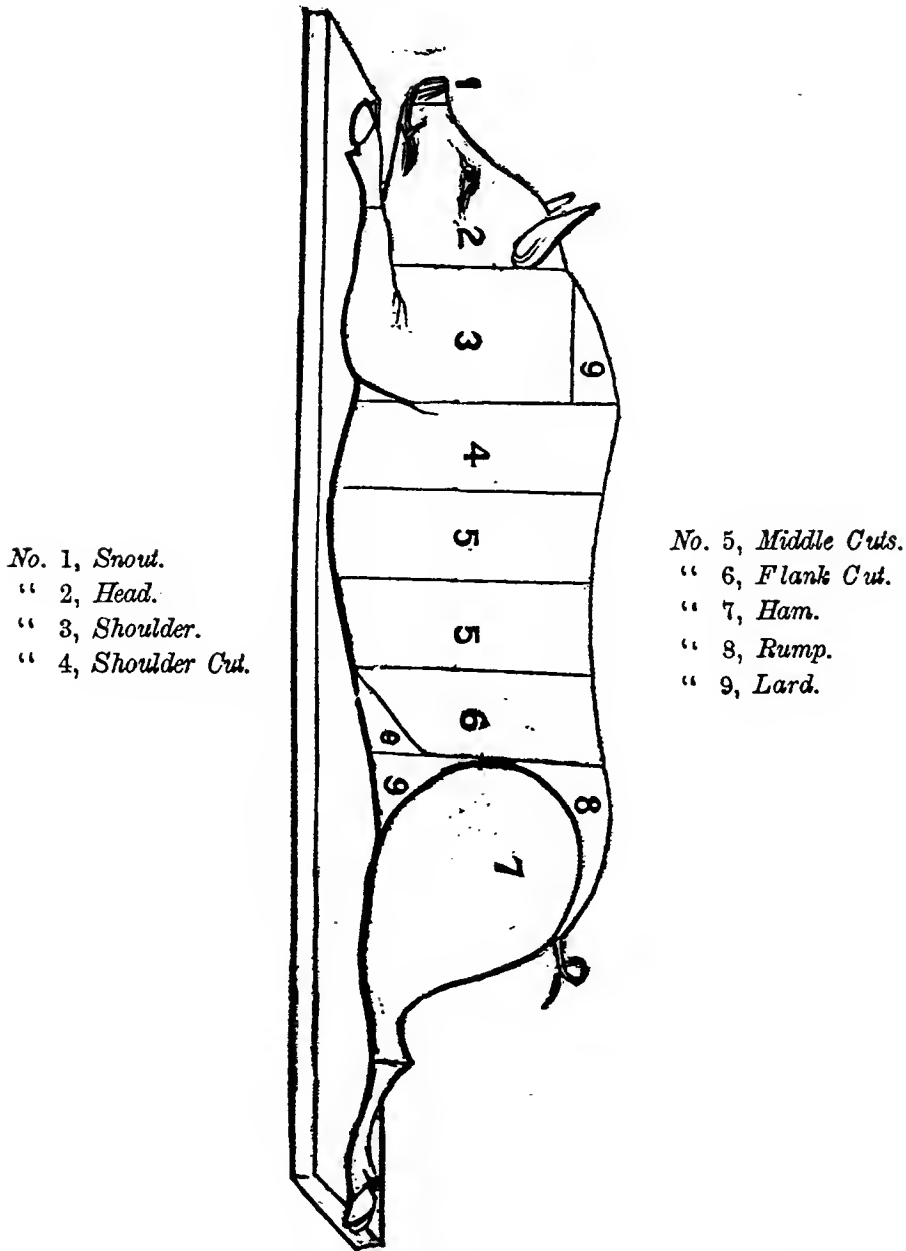

**EXTRA CLEAR PORK.**—Same as clear, except that all the rib and backbone must be taken out.

**MESS ORDINARY, OR THIN MESS.**—Of hogs reasonably well fattened, too light for Mess Pork, cut, selected and packed in the same manner as Mess. No restriction as to the number of pieces to the barrel.

**RUMP PORK.**—Rumps should be trimmed with only enough taken off to make them neat and smooth; the tails cut off close. Each barrel to contain 200 pounds of green meat, packed with the same quantity and quality of salt as Mess Pork.

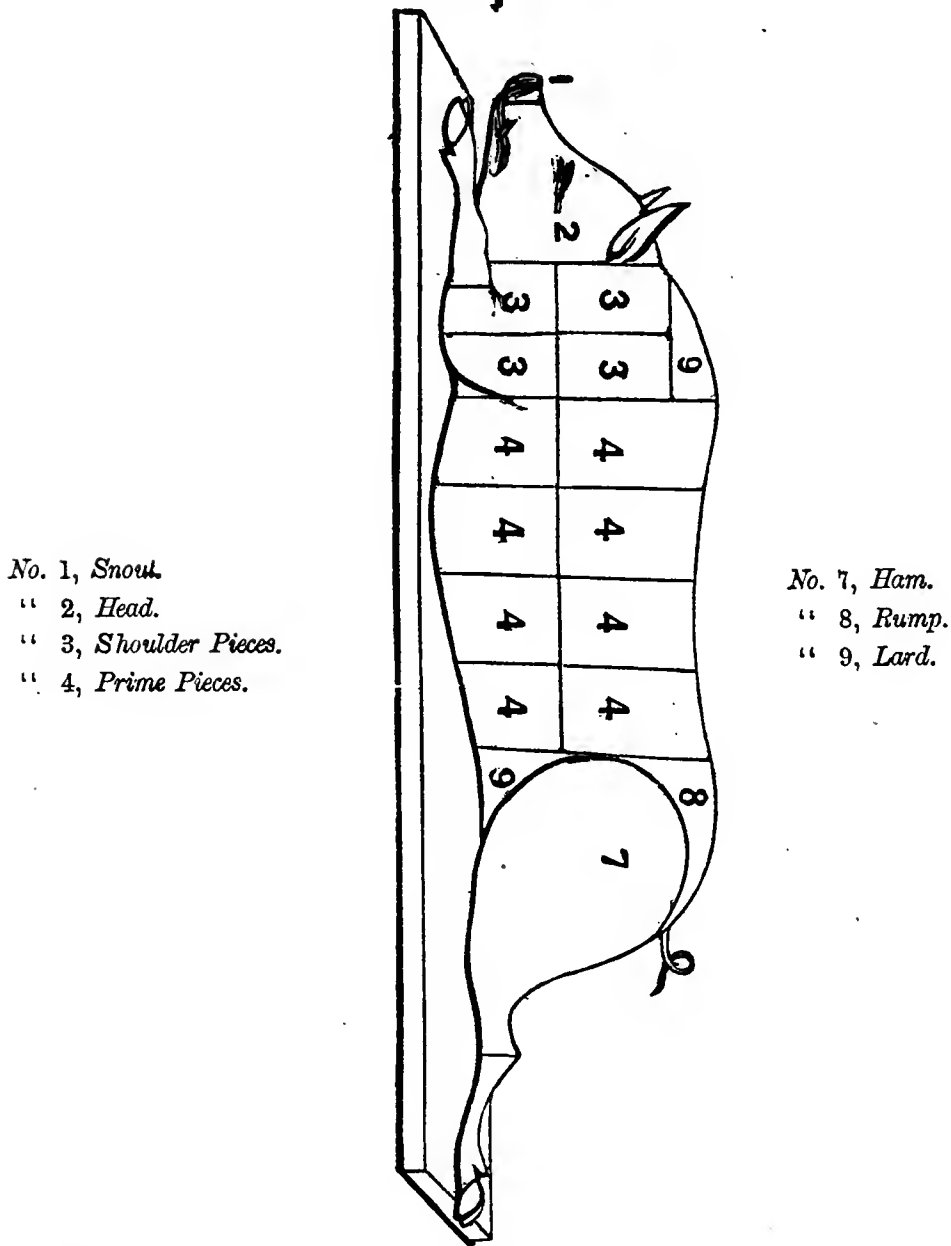

PLATE No. 1

**PRIME PORK**—Shall be packed with a header of side cuts, the regular width, three half heads. It may have three rumps, and the balance shoulder cuts. The shoulders should have the rib in them, and cut into three pieces each, according to the diagram, the foot to be cut off above the knee, and the shank cracked near the shoulder. Head to be split through the brain and tongue; snout and ears cut off, and brains removed. Each barrel to contain 200 pounds of green meat, and to be packed with the same quantity and quality of salt as Mess Pork; heads to be soaked before being packed.

**EXTRA PRIME PORK**—Shall be made from heavy, untrimmed Shoulders, cut into three pieces, according to the diagram; the leg to be cut off close to the breast, to be packed 200 pounds green meat into each barrel, with the same quantity and quality of salt as Mess Pork.

PLATE No. 2.

**PRIME MESS PORK**—Shall be made of the shoulders and sides of nice, smooth, fat hogs, weighing from 120 to 170 pounds each, net, regularly cut into square pieces, as near four pounds each as possible, the shank to be cut off close to the breast, each barrel to contain 200 pounds green meat, in proportion of twenty pieces of shoulder and thirty pieces of side cuts, and to be packed with the same quantity and quality of salt as Mess Pork, with the addition of four ounces of saltpeter. The prime pieces should be cut free of the blade bone. The shoulder pieces not to exceed ninety pounds in each barrel. It may also be packed with

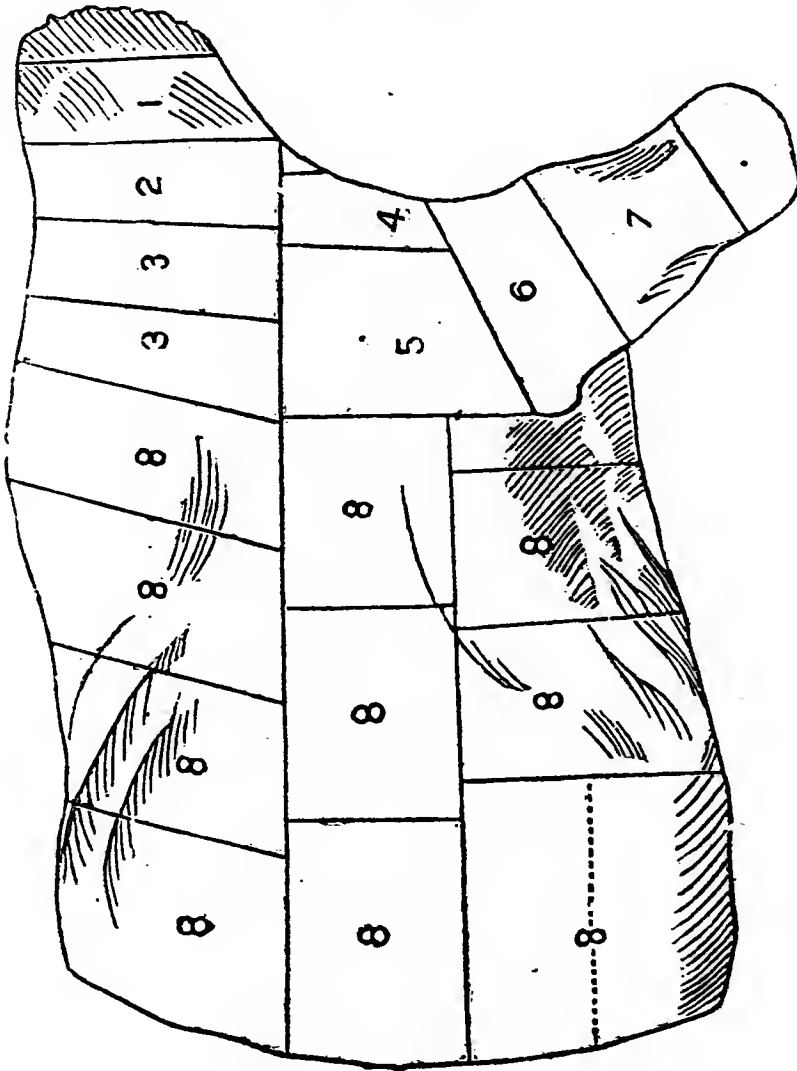

twenty pounds (20 lbs.) Turks Island, St. Ubes or Trepanni, or twenty-five pounds (25 lbs.) other good domestic or foreign coarse salt, and shall pass as "Light Salted Prime Mess Pork," provided it is in all other respects cut and packed as full salted Prime Mess Pork.

When re-salted, the brine shall be drawn off and new brine added.

(See Plate No. 2.)

PICKLED HAMS AND SHOULDERS.—The number of pieces, and green weight, must be branded on the head of each tierce.

PLATE No. 3.

No. 1, Neck.

" 2, Leather Chuck.

" 3, Chuck.

" 4, End of Sticking Piece.

No. 5, Shoulder of Mutton:

" 6, Shoulder Clod.

" 7, Shin.

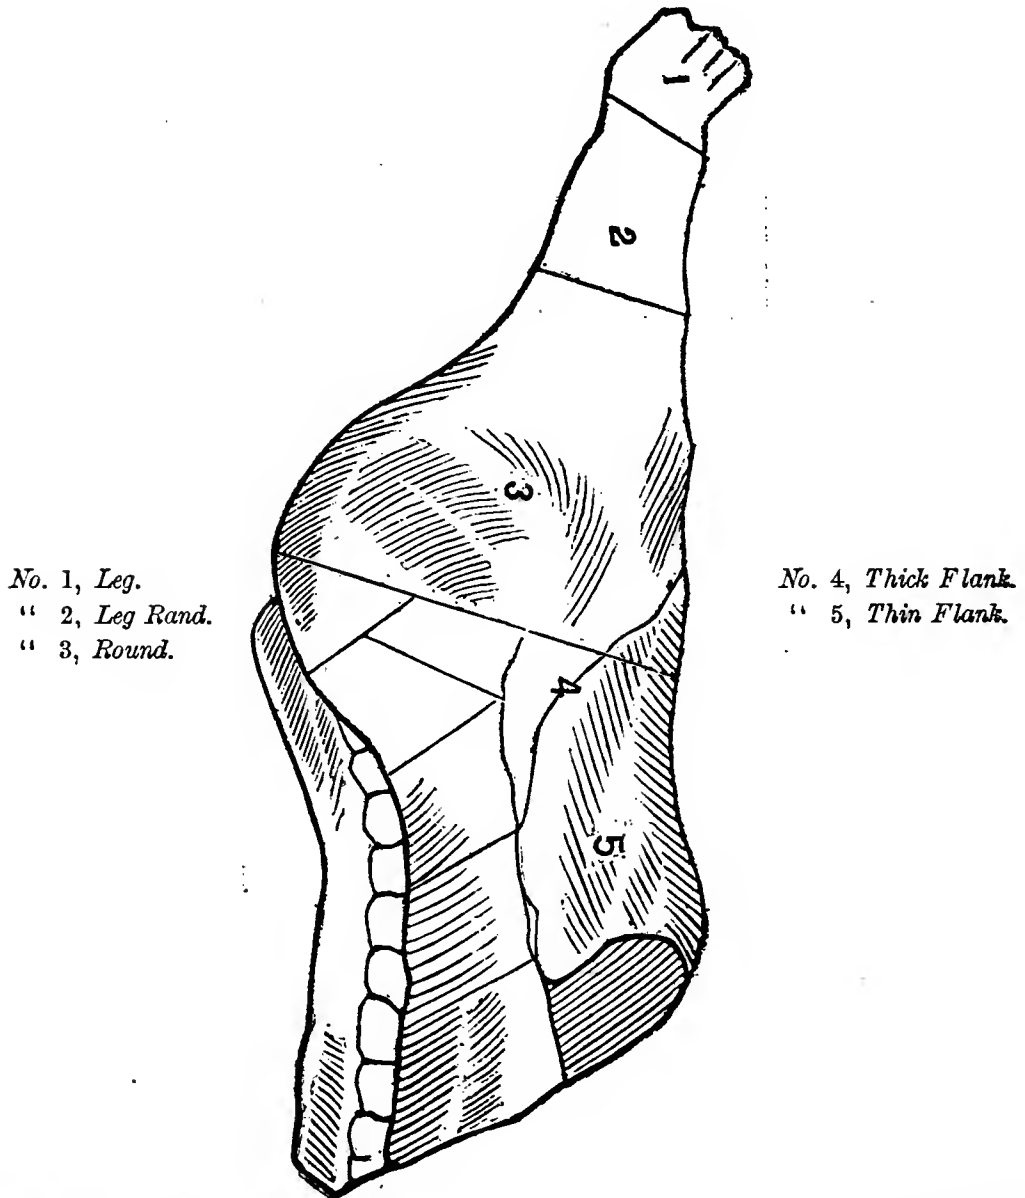

" 8, Mess Pieces.

The dotted line in the diagram indicates that the flank piece is not to be cut entirely through, but only sufficiently to allow it to fold so as to present a thick appearance.

**MESS BEEF**—Shall be packed from well-fatted cattle, weighing 450 pounds and upwards, net, and cut as near 10 pound pieces as practicable, excluding the leg and leg rand of the hind quarter, shin and shoulder clod, and 8 pounds of the neck from the forequarter ; and shall be packed in regular provision packages, with at least 20 pounds of coarse Turks Island, St. Ubes, Syracuse, Trepanni, or other good coarse salt, with at least 4 ounces saltpeter, and pickle as strong as salt will make it. (*See plate No. 3.*)

**EXTRA MESS BEEF**—From well-fatted cattle, shall be cut and packed the same as Mess beef, from cattle weighing 500 pounds and upwards, net. (*See plate No. 4.*) The cooperage in all cases to be of good and well-seasoned material, and in good condition. The date of packing to be branded on the head of each of the above qualities of Pork and Beef.

PLATE No. 4.

**RULES OF SALE.**—All barreled provisions offered for sale as "standard," in this market, must be cut, selected and packed, in all respects, as to quality and condition, equal to the foregoing classification.

Unless otherwise stipulated, at all sales made of any of the above grades of provisions represented as "standard," the seller shall be bound to fulfill his sale by the delivery of the quality called for by such sale, which, on examination by the Inspector of the Association, has been certified by him to have been packed according to the above classification, and is, at time of sale, in good, merchantable condition in every respect, and has sufficient salt in each barrel to preserve the meat for a reasonable time. Provisions from which any surplus weight has been removed, cannot afterwards be classed as standard.

Any sales by which a particular packer's brand is named, which does not pass examination, the buyer shall then elect, at his option, either to take the lot named at price agreed upon, after being regularly inspected at cost of seller, or to require that some other standard brand be substituted. But the buyer shall receive either the one or the other.

**COOPERAGE.**—There shall be appointed by the Association an Inspector of Cooperage, who shall inspect all provision cooperage submitted to him according to the following standard:

Beef and Pork Barrels shall be made of thoroughly seasoned White Oak lumber, free from objectionable sap; staves not less than  $\frac{1}{2}$  inch thick and 29 inches long; heads 18 inches,  $\frac{3}{8}$  of an inch thick in center, and  $\frac{3}{8}$  at bevel; Hoops, Hickory or White Oak; Barrels not less than 11-16 covered.

Tierces for Hams, Beef or Lard, 32 inches long, 20 $\frac{1}{2}$  inch head; quality of Staves and Hoops same as on Barrels; Staves not less than  $\frac{3}{8}$  thick; Heads same as Pork Barrels—Hooped, 11-16 covered.

**INSPECTORS' FEES.**—Inspectors' Fees, two cents for each barrel or tierce, payable by seller.

**WEIGHTS AND TARES.**—In the absence of agreement to the contrary, the following rules shall govern weights and tares:

Pickled Hams and Shoulders—one per cent. to be allowed for drainage.

Bulk Meats—salt being struck off but not swept, one per cent. tare to be allowed.

Lard—actual tare to be allowed.

## WEIGHMASTER'S TARIFF OF PRICES.

---

All Grain, Provisions, and other Produce weighed by the wagon load on large team scales, will be charged by the load..... 10 cents.

Sundries, weighed on Platform and Beam Scales, and handled at the expense of the Weigh Master, will be charged as follows:

Grain, Seed, Beans, Pulse and Potatoes, in bags, per 100 lbs., each .....	3 cents.
Sugar in boxes and hogsheads, per 100 lbs.....	2 "
Salt in sacks, per 100 lbs.....	2 "
Tobacco in boxes and hogsheads, per 100 lbs.....	2 "
Pig Iron and Lead, per 100 lbs. ....	2 "
Bulk Meats.....	2½ "
Broom Corn, in lots of 50, per bale.....	7 "
"    "    less.....	8 "
Wool, per sack, in lots of 50 or more.....	7 "
"    "    less.....	8 "
Coal, per ton.....	6 "
Lard, Tallow, Grease and Stearine, in lots of 75 or more.....	5 "
"    "    "    "    "    50.....	6 "
"    "    "    "    "    25.....	7 "
Butter and Lard, in kegs.....	4 "
Dressed Hogs, each.....	4 "
Salt, Sugar, Dried Fruit, Beans, Potatoes, Hominy, Grits, etc., per barrel.....	4 "

The U. S. Government Stamp Tax will be charged on certificate, in addition to the above rates.

Since issuing the last report, the warehouse of Messrs. Howe, Robbins & Perry has been destroyed by fire, and a new house has been erected by Messrs. Finley & Ballard, with a capacity for storing 200,000 bushels of grain.

## FLOUR.

The receipts of Flour during the year ending March 31, 1866, amounted to 1,252,116 barrels, against 1,170,274 barrels received during the preceding year. The shipments of Flour during the year just closed amounted to 1,523,376 barrels, against 1,287,545 barrels during the year 1864-65.

The trade during the past year has been unusually brisk ; and, though showing an increase, it is more remarkable because of its character than its enlargement. For six months past the shipments to the South have been very large, as may be seen by the tables which follow. Since the 1st of November, large quantities of Flour have been shipped by the Illinois Central, Chicago, Alton & St. Louis, and other railroads leading to the South. Indeed, this has been one of the principal features of the trade during the past winter. Chicago, being the largest grain market in the United States, and having the best facilities for shipping, orders poured in here from New Orleans, Memphis, Nashville, and from the interior of Georgia and Alabama. This trade being once fairly established will be permanent, and Chicago naturally becomes the great feeder of the South.

NOTE.—According to the figures received from the Custom House, Canal and Railroads, as shown above, the shipments are greater than the receipts; and with the amount returned by Millers, as manufactured in the city, we have only 91,400 barrels left for city consumption during the year. This amount is manifestly too small, but we cannot go behind official statements of the Railroad Officers and the Collectors of the Port and the Canal to correct it.

## WHEAT.

The receipts of Wheat at Chicago during the year ending March 31st, 1866, amount to 9,242,108 bushels, against 10,888,436 bushels received during the preceding year. The shipments of Wheat during the year amounted to 8,098,968 bushels, against 10,249,330 bushels in 1864-65.

This decrease in the wheat trade is attributable entirely to the failure of the Winter Wheat crop of last year, and the damage sustained by the Spring Wheat from the heavy rains which prevailed in July and August. It is a noticeable fact, that during the winter months, Chicago has had to supply the Millers of Ohio, Indiana, Michigan, Pennsylvania, and even some portions of Illinois, with Wheat, hence the unusually heavy shipments by railroad, as may be seen by reference to the table of receipts and shipments.

The quality of the Winter Wheat during the past year was fair, but the yield was very light. The Spring Wheat raised in the central portions of Illinois and Iowa was somewhat damaged by the rains, but that produced in northern Illinois, Wisconsin, northern Iowa and Minnesota was of excellent quality, and it has always found a ready market. It is gratifying to know that Chicago is every year attracting larger consignments of the Wheat of the States north of Illinois.

*Receipts, at Chicago, of the last Eleven Crops of Wheat.*

## CORN.

The receipts of Corn during the year ending March 31st, 1866, amounted to 26,100,319 bushels, against only 13,197,340 bushels received in 1864-5. The shipments of Corn during the past year amounted to 25,228,526 bushels, against 14,182,644 bushels shipped in the preceding year.

This heavy increase in the Corn trade is due entirely to the splendid crop of 1864, as compared with that of 1863, which, it will be recollected, was nearly entirely destroyed by early frosts.

The crop of 1865 was even larger and more excellent than that of 1864, and the trade for next year promises to be very heavy. Illinois and Iowa continue to be the great Corn raising States of the Union, and Chicago is still the largest Corn market in the world.

*Receipts, at Chicago, of the last Eleven Crops of Corn.*

## OATS.

The receipts of Oats, during the year ending March 31, 1866, amount to 10,393,936 bushels. against 16,135,440 bushels in the preceding year.

This heavy falling off in the receipts during the past year, as compared with those of 1864-'65, is wholly attributable to the disbandment of the armies of the United States, in consequence of which the government demand almost entirely ceased.

The shipments of Oats, during the past year, amounted to 10,598,061 bushels, against 16,470,929 bushels in 1864-'65.

## R Y E .

The receipts of Rye during the year ending March 31, 1866, amounted to 1,169,180 bushels, against 1,077,776 bushels received in the preceding year. The shipments during the past year amounted to 1,022,200 bushels, against 898,536 bushels in 1864-65.

The Rye crop of 1865 was of good quality, and there was a full average yield. The stoppage of the distilleries in the west, rendered the receipts at this point heavier than usual, the consumption in Illinois, during the year, having been comparatively light.

[illegible]

## BARLEY.

The receipts of Barley, during the past year, amounted to 1,667,668 bushels against 893,000 bushels during the preceding year. The shipments, during the past year, amounted to 645,089 bushels, against 327,431 bushels in 1864-'65.

The crop of Barley in 1865 was a failure in the West, and our receipts comprised not less than 798,125 bushels by Lake, about three-fourths of which came from Canada West. The shipments from this port, too, were chiefly to supply the country south and west of Chicago; the Illinois and Michigan Canal having taken not less than 275,546 bushels to St. Louis. We also, to some extent, supplied the country east and south-east. The heavy rains during the summer of 1865 greatly damaged the crop all through the Western States.

## THE PROVISION TRADE.

Notwithstanding the adverse circumstances which have prevailed to depress the markets, the Provision Trade of Chicago, during the past year, has been moderately active. On the one hand, operators have had to contend with the heavy decline in gold, which rendered the markets irregular and unsatisfactory; and, on the other hand, they had a heavy falling off in the hog crop, which caused a great firmness in the price of hogs, without a corresponding strength in the market for product. Under these circumstances, our provision dealers and packers operated cautiously, and the trade of the past year, as compared with former seasons, shows a falling off; but, it is satisfactory to note, that Chicago still holds pre-eminence as the great provision mart of the West, and of the United States.

Happily, our provision trade is not confined to one branch, but embraces the beef and pork packing, and the extensive traffic in beeves and hogs with the Eastern States. The latter, during the past two or three years, has become enormous; as a proof of which, it is only necessary to state that since the date of our last yearly review, the great Union Stock Yards have been constructed and established, embracing about 300 acres of land, with yards and pens fitted up to accommodate 10,000 head of beef cattle, and 100,000 hogs. The capital expended in this enterprise alone amounts to \$1,400,000. For many years past Chicago has had the largest cattle market in the United States, and now it can boast of having the best appointed, most extensive, and most comfortable yards in the world.

### HOGS AND HOG PRODUCT.

The following table shows the receipts and shipments of Hogs at Chicago during the past eight years:

## PORK PACKING AT CHICAGO FOR THE SEASON OF 1865-6.

Below will be found a table giving full particulars of the Pork Packing at Chicago during the season of 1865-6. The number of Hogs packed in this city by the various packers amounted to 507,355, against 760,514 during the preceding season, and 904,659 during the season of 1863-4. This decrease in the packing during the past season is attributable entirely to the falling off in the hog crop, which was very light as compared with that of former seasons. Notwithstanding this, however, it is satisfactory to know that Chicago still maintains her supremacy as the largest Pork market in the United States, and that about one-third of the entire crop of Hogs was packed in this city. It is also noticeable that, notwithstanding the caution exercised by packers, there was a larger proportion of the Hogs received during the packing season, killed and cut in Chicago, than formerly.

The table which follows shows that the average weight of the Hogs packed was greater than in the season of 1864-5, and that there was also a large increase in the yield of Lard.

*Summary of the Pork Packing of 1865-6.*

## BEEF CATTLE AND BEEF PRODUCT.

The receipts of Beef Cattle at Chicago during the year ending March 31, 1866, amounted to 348,928 head, against 343,726 head received during the preceding year. The shipments of Beef Cattle during the past year amounted to 310,444 head, against 262,446 head shipped during the previous year.

As will be seen, the shipments during the past year show a much larger increase than the receipts. This is to be accounted for by the fact that, during the summer and fall of 1865, immense herds of Beef Cattle were driven into Chicago on foot across the prairies, for the purpose of saving the high rates of freight charged then by the railroads. Of the receipts by this source we have no record, but they were large enough to make up the deficiency in the proportion of increase between the receipts and shipments.

The establishment of the great Union Stock Yards, during the past year, will render Chicago more attractive than ever before as a Cattle Market. As the country west becomes developed, the Cattle trade of Chicago will increase as rapidly as during the past ten years.

The Beef Packing during the past season has been very light. Owing to the dull state of the markets last fall, very few of the packers felt encouraged to engage extensively in the business, and the result is that there were only 27,172 head of Cattle packed during the entire season, against 92,459 head packed in the season of 1864-65.

THE LUMBER TRADE.

The receipts of Lumber during the year ending March 31, 1866, amounted to 647,145,734 feet, against 501,592,406 feet received during the preceding year. Of this amount 614,020,000 feet arrived by Lake, and consisted chiefly of pine. The balance was brought by Railroads, and consisted almost entirely of hardwood Lumber from Indiana and Michigan.

The trade in Lumber during the past year has been highly prosperous, both for manufacturers and dealers; and, notwithstanding the enormous receipts, the stock on the 1st of January was comparatively light. During the year a large amount of Lumber has been shipped southward, and this trade is annually increasing.

The following table shews the stock of Lumber, Shingles, Lath, etc., in this city on the 31st day of December, 1865:

Amount of Lumber, Shingles, Pickets, Lath, Timber and Cedar Posts in Store December 31, 1865.

Lumber, feet.....	133,910,956	Timber, hewn feet.....	2,292,104
Shingles, M.....	19,846	Pickets, ps.....	1,458,894
Lath, ps.....	8,901,200	Cedar Posts, ps.....	85,636

The stock of Lumber, on the 1st of April, was very much reduced from the figures given above, and the stock of Shingles, Lath, etc., on the same date, was so low that orders had to wait arrivals by the Chicago and North-Western Railroad, from Wisconsin.

Receipts of Lumber, Shingles and Lath, for Ten Years.

## HIGHWINES.

During the past year the trade in Highwines has been light. In consequence of the tax of \$2 00 per gallon, manufacturers have done very little—only 7,514 barrels have been made by our city distillers during the year ending March 31, 1866, against 58,855 barrels manufactured by them during the preceding year.

At the commencement of the year there was a fair stock of old Highwines on hand, but for six months past this has been reduced to a mere trifle, and the trade during that period has been supplied, in a small way, chiefly by country distillers. It is proper to state that the two dollar tax has greatly reduced the consumption in a variety of ways.

*Highwines Manufactured in Chicago for Ten Years.*

## RECAPITULATION.

17 Propellers, with.....	11,708 Tonnage.
51 Barks.....	17,721 "
18 Brigs.....	4,153 "
238 Schooners.....	45,619 "
25 Scows.....	2,419 "
6 Sloops.....	84 "
12 Canal Boats.....	1,035 "
25 Tugs.....	803 "
Total, 392 Vessels, with.....	83,542 Tonnage.

The following is the statement of the winter preceding, showing an increase the present winter of 30 vessels, and a decrease of 7,218 tons. It must, however, be remembered that the vessels were measured last year by the old system; the present years tonnage on the same basis would be about 104,427, or an increase of 13,667 tons burden.

[illegible]

No. of Vessels arrived.....	10,102
No. of Men.....	86,868
Total Amount of Tonnage.....	2,106,848

In comparing the amount of tonnage reported at this port during the year 1865, with that reported in former years, it must be borne in mind, that by the new law of admeasurement, which went into operation January 1, 1865, the tonnage of Vessels was reduced fully 20 per cent.

## DIRECT SHIPMENTS FROM CHICAGO TO LIVERPOOL.

During the past season, the shipments of Provisions direct from Chicago to Liverpool have been unusually active. There are now three direct routes, which are enumerated in the table which follows, all of which have agents in this city, who give bills of lading through. This has become a very important feature of the provision trade of our city.

The following table shows the shipments of Provisions, Lard and Tallow, during the past winter, with the route of shipment :

*Shipments of Provisions, Etc., from Chicago to Liverpool.*

ROUTE.	Packages.	Tons.
European Express Line and National Steam Navigation Co.,.....	16,519	4,198
Liverpool, New York and Philadelphia S. S. Co.,.....	5,751	1,216
Grand Trunk Railway of Canada,.....	8,678	2,558
Totals,.....	30,948	8,912

The opening rate of freight from Liverpool to Chicago, time guaranteed, was \$1.00 in gold. The opening rate, time not guaranteed, was 85 cents in gold, and closed at 70 cents in gold.

Guaranteed shipments went through in 20 days. Average time on freight not guaranteed was 30 days.

**JOHN F. BEATY, Sec'y**

Chicago Board of Trade.

## WHEAT.

### WINTER WHEAT.

No. 1 WHITE.—To be pure white winter wheat, sound, plump, and well cleaned.

No. 2 WHITE.—To be pure white winter wheat, sound and reasonably clean.

No. 1 RED.—To be pure red winter wheat, sound, plump and well cleaned.

No. 2 RED.—To be pure winter wheat, red, or red and white mixed, sound, and reasonably clean.

No. 3.—To include inferior or dirty winter wheat, but not so badly damaged as to render it unfit for flouring, not weighing less than 55 lbs.

REJECTED.—All winter wheat so badly damaged from any cause as to render it unfit for No. 3.

### SPRING WHEAT.

No. 1.—To be sound, plump, and well cleaned, good milling wheat.

No. 2.—To be reasonably clean, and free from other grain, and such as will make sound flour.

No. 3.—To include inferior or dirty spring wheat, but not so badly damaged as to render it unfit for flouring, and not weighing less than 54 lbs.

REJECTED.—All spring wheat so badly damaged, from any cause, as to render it unfit for No. 3.

In case of mixture of spring and winter wheat, it will be called spring wheat, and graded according to the quality thereof.

Black Sea and Flinty Pife wheat in no case will be inspected higher than No. 2, and Rice wheat no higher than No. 3.

All hot grain arriving here will not be graded.

## CORN:

WHITE.—To be white, and in all other respects to be No. 1 corn.

YELLOW.—To be yellow, and in all other respects to be No. 1 corn.

No. 1.—To be sound, dry, plump, and well cleaned.

No. 2.—To include all other corn, dry and merchantable, and reasonably clean.

REJECTED.—All wet, very dirty, and otherwise badly damaged corn, unfit for warehousing.

p 11597

### RYE.

No. 1.—No be sound, plump, and well cleaned.

No. 2.—All rye not included in No. 1, that is not, in the judgment of the Inspector, unmerchantable.

REJECTED.—All unsound rye, that from any cause shall be deemed unmerchantable and unfit for warehousing.

### OATS.

No. 1.—To be sound, free from other grains, and well cleaned.

No. 2.—All other oats not unmerchantable.

REJECTED.—All oats unsound, or from any cause unmerchantable and unfit for warehousing.

### BARLEY.

No. 1.—To be plump, bright, sound, clean, and free from other grain.

No. 2.—To be reasonably clean, and sound, but not bright or plump enough for No. 1.

REJECTED.—All barley that from any cause is unsound, or largely mixed with other grain.

---

## RULES.

All Inspectors must make their reasons for grading grain, when necessary, fully known by notations on their books.

All wheat is to be weighed, and the weight entered on inspection book.

At a meeting of the Board of Directors of the Chicago Board of Trade, the following recommendations were adopted as Rules of the Board :

*First*—That all grain arriving in bulk be inspected and received into the house for such grade only as the Inspector shall decide, except when sold on the track for grinding, city consumption or shipment, and the Inspector shall in no case make the grade above the lowest quality found in any lot of grain, when it has evidently been mixed or “doctored” with a view of changing the grade, and that our warehousemen be requested to refuse all bagged grain which shall have been bagged for this express purpose, and that all our railroad companies be requested to prohibit all bagging on their tracks, except for local consumption or shipment.

*Second*—That it be made the duty of all Inspectors of grain to report to the Inspection Committee all attempts to defraud our inspection system. They shall report in writing every instance when warehousemen deliver or attempt to deliver grain of a lower grade than that called for by the warehouse receipt. They shall also report any and every attempt of a receiver or shipper of grain improperly to instruct or in any way influence the action or the opinion of the Inspectors, and also all other attempts to defraud the inspection system, and when the charges shall be sustained, it shall be the duty of the Inspection Committee to put the same on the bulletin board of the Exchange Rooms.

It shall be the duty of the Chief Inspector to keep a record of the weight of grain inspected into and out of each warehouse, which record shall be open to the inspection of any member of the Board during business hours, and that he report daily the average weight of the receipts and shipments of each grade into and out of each warehouse, which report shall be posted on the bulletin board.

CHICAGO, July 19, 1867.
